

PATROL WITNESS In-Car Video System

PWII

▶ PRODUCT OVERVIEW

Designed from the ground up by police officers, for police officers; in collaboration with an engineering team with over 15 years of experience in mobile digital video, 247Law Enforcement delivers a robust, officer-friendly system that can withstand the rigorous daily environment of mobile law enforcement service vehicles.

The Patrol Witness II (PWII) provides the most advanced mobile digital video recording system available, offering high-resolution video with embedded audio, and telemetrics/data collection features, including GPS, Light Bar, text and other vehicle status information.

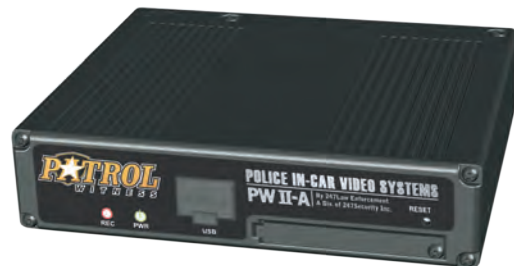

Our compact & rugged DVR enclosure design allows for virtually limitless mounting location options.

The PWII offers you quick and easy data transfer, utilizing Compact Flash technology. Wireless HandsFree™ upload is also available, for the ultimate fleet management solution.

The Patrol Witness II system is a fully integrated solution and complies with Federal Rules of Evidence including: Chain-of-Custody of Evidence as well as IACP in-car video system guidelines.

▶ HIGHLIGHTS
